

ICT Expands Radio Covers to Include Newest TAIT Land Mobile Radio Models

ICT has added new radio covers for the latest Tait mobile radios, the TM9100 and TM9400. The new ICT base station cover and high efficiency, switch mode power supply allows you to build a compact, integrated base station system. For more details on this and other radio models go to www.ict-power.com, click on the FIND RADIO COVER link, and download our latest Base Station Matrix reference tool.

Radio Models	ICT Cover	ICT Power Supply	ICT Complete Station
TM9100 Series (TM9155/TM9135)	BASE-TAT2	ICT12012-12AG	CS120-12AG/TAT2
TM9400			

ICT radio covers can be ordered in two ways. You can select the Cover and ICT power supply separately, or you can order the Complete Station model number which gives you the power supply and cover together.

Order ICT base station cover

+

Order matching ICT Comm Series power supply

or

Order ICT Complete Station that includes cover and power supply
